BENEFITS

- Internally mounted power supply – makes a neat, compact package mounted inside the enclosure, no visible external power brick hanging or on the floor
- Accommodates 400 count ticket stacks – paper prints down to the last ticket in the stack
- TicketBurst™ jam-free technology prints and bursts each gaming voucher presenting the voucher, to eliminate operator interference and ensure maximum up time.
- Prints targeted, personalized promotions right at the table when used with TransAct's Epicentral® software.
